Pacific Beach High Desert (PBHD) located in Ridgecrest, CA is a competitive cheerleading program for boys and girls ages 4-18 years of age. PBHD was founded by several members of our community that came together to organize a well-established competitive cheerleading program for our youth. PBHD is now at the start of its 10th year running, and can use the continued support of our community,

With the continued rise in costs in our country, these hard working athletes can use some support to continue in the sport they love. Competition cheer requires travel to many areas in California and Nevada as well and costs can add up very quickly. To be able to participate in this prestigious sport expenses such as custom team uniforms, competition athlete entry fees, membership requirements, and travel expenses.

This is where your help comes in! Each athlete can use any support they can get to help offset some of these expenses. Remember our youth shape our future and your sponsorship can help these athletes stay in a sport that teaches: dependability, hard work, perseverance, accountability, team work and communication. We hope you can take the time to consider donating to our athletes for their upcoming season expenses.

We at PBHD know that it is a tough economy these days, but the youth is our future, and opportunities like this one, not only come once in a lifetime, but create great strong leaders for our future. We hope you consider contributing to this great opportunity. Thank you for taking the time to consider helping this team of hardworking athletes.

Sincerely,

The Coaches & Cheerleaders of PBHD!
